Organizational Experience

Staff Of Statistical Quality Control For DYNAMIC (Developing Your Network And Skill With Innovative Computing Program) 2023

KMDSI X HMDTIF | FILKOM UB

June 2023 | Malang, East Java

As a Statistical Quality Control staff member of the Dynamic Workshop Program at the Faculty of Computer Science, Universitas Brawijaya, my role here is as a Statistical Quality Control officer tasked with developing assessment criteria in three specialization fields: Embedded Systems, UI/UX Design, and Front End. I also participate in designing project-based learning assignments for each of the three fields, which are conducted offline, as well as pre-test and post-test assignments for workshop participants to assess the extent of their understanding gained.

Staff Of The Field Responsible Division For LKMM-TD Department Of Information Systems | Faculty Of Computer Science 2023

KBMDSI | FILKOM UB

September 2023 - November 2023 | Malang, East Java

As Field Staff Responsible for the Campus Orientation and Familiarization Program (OSPEK) Department of Information Systems, Faculty of Computer Science, Brawijaya University, my role here is as a security officer who interacts directly with new students which includes ordering new students during the event. My main goal is to guide the course of this event by providing a positive and memorable OSPEK experience for all new students in the department.

Staff of Decoration, Design & Multimedia For Arah Mimpi Expo Campus 2024

IKMANDAPRO | MAN 2 KOTA PROBOLINGGO

December 2023 - February 2024

As a staff member of the Decoration, Design & Multimedia team for the 2024 MAN 2 Kota Probolinggo campus expo, my role here is to design the main banner, welcome banner, and main pamphlet. I am also responsible for designing the layout decoration of the expo area and participating in documenting the event.
